

Superreel® - Industrial Reel

Industrial hose reel

If you've ever worked around industrial hoses, you know it's important to keep your investment safe and extend its life with proper care and maintenance.

Designed to spec and built of the highest quality materials, our reels stand up to the most demanding conditions of any industry.

The heavy-duty design and construction of our reels ensure that they outlast the competition and save you money. And bolted-on components and conveniently located swivel joints make servicing our reels quick and trouble-free.

Equipped with spring operated automatic rewinding system or electric powered. These industrial hose reels can be mounted on any flat surface such as a wall, ceiling or on top of an object.

OUR CAPABILITIES

- Ultra-high pressure and high current, the highest pressure of gas and liquid up to 80-100MPA. Taking advantage of the National New Energy Policy, the maximum current of the DC charging reel can reach to 500A.
- Super-long. Spring-driven reels can handle hoses or cables up to 50 meters. Motor-driven reels' capacity up to 3000 meters.
- Engineering reciprocation. One of the few domestic manufacturers that can produce reciprocating hose reels and multi-line hydraulic reels.
- Smart reels with intelligent functions. Limit, feedback, measurement, remote control, APP control, adaptive control and other functions are used in our reels.

Superreel® - Industrial Reel

- Hose and cable combined reels. One reel can manage/ transmit media including acousto-optic signals, various gas-liquid media, etc, at the same time.
