

# Superreel® - Industrial Reel

## Oil hose reel

Providing superior strength and durability for heavy-duty applications, these oil hose reels offers simple seal maintenance and fast and easy hose installation. The multi-position locking ring and noncorrosive lock ratchet mechanism secure the hose at the desired length. The permanently lubricated precision bearings provide smooth rotation. The Dual axle support system increases stability during operation, reduces vibration, and strengthens the structural integrity of the reel. The steel guide arm adjusts to wall, floor, ceiling, and vehicle mounting positions.

We also offer Multi-line hydraulic oil hose reels. Ideal for kinds of Cranes and forklifts, narrow double post and high-capacity design, made for your special application in the field of hydraulic use.

## OUR CAPABILITIES

- Ultra-high pressure and high current, the highest pressure of gas and liquid up to 80-100MPA. Taking advantage of the National New Energy Policy, the maximum current of the DC charging reel can reach to 500A.
- Super-long. Spring-driven reels can handle hoses or cables up to 50 meters. Motor-driven reels' capacity up to 3000 meters.
- Engineering reciprocation. One of the few domestic manufacturers that can produce reciprocating hose reels and multi-line hydraulic reels.
- Smart reels with intelligent functions. Limit, feedback, measurement, remote control, APP control, adaptive control and other functions are used in our reels.

# Superreel® - Industrial Reel

- Hose and cable combined reels. One reel can manage/ transmit media including acousto-optic signals, various gas-liquid media, etc, at the same time.
